Newsletter 2023-24

Issue 1

**DEPARTMENT
OF
ELECTRONICS AND TELECOMMUNICATION ENGINEERING**

Principal Sir's Message

I am very happy to note that the department of E&TC Engineering of SCS Polytechnic college is releasing it's newsletter enumerating the various activities and achievements of their faculty and students. Polytechnic education provides the knowledge and skills required to help revolutionize the world in which we live. The students and faculty of department are proactive in taking initiatives in technical, cultural and social events. I hope this newsletter will serve the purpose of reflecting all activities of this department and it will inspire others to do their best. I congratulate all the students who have put their efforts in bringing this first issue of newsletter and also appreciate HOD and all faculty members for motivating the students towards this fulfillment. I wish each one of them in the department success in all their endeavors.

Head of Department (H.O.D.) Message

In present era the field of Electronics & Telecommunication plays an important role in almost every sphere of our life. It has penetrated in every field of our existence. E & TC Engineering is a study of various principles and practical aspects related to the designing various telecommunications equipment and it is the utilization of science and math applied to practical problems in the field of communications. Electronics and Telecommunication Engineers develop prototypes of integrated circuit components. It mainly deals with the communication technologies along with the basic electronic components, design of circuits and systems. Electronics and Telecommunication department is established with well-equipped laboratories in our institute. Students are also encouraged to participate in project competition, Model competition and poster presentation to gain practical experience .

Editor's Message

I am very glad to inform that department of E&TC Engg. is publishing News Letter for the year 2023-24. As a part of education, E&TC dept. always takes initiative to take forward steps for the improvement of knowledge among the students. Department always give importance to practical and hands on practice of engineering knowledge. Also promote the students for stage performance to display their knowledge from medium like paper presentation, project competition, quiz competition, Model competition, workshops, Industrial visit, exhibition etc. We are trying to display this news in this letter and I am very glad to play an editor's role for this purpose.

Thank you.
